ON 07/02/2020**

- Ref:**
1. TSPCB, RO, Hyderabad report dated 16.02.2019.
  2. Inspection of the industry by the Board Officials on 07.01.2020.
  3. TSPCB, RO, Hyderabad Notices issued on 07.01.2020.
  4. TSPCB, RO, Hyderabad report dated: 13.01.2020 along with analysis report received by Zonal Office, Hyderabad on 17.01.2020.
  5. Task Force Committee meeting held on 31.01.2020 at TSPCB, Zonal Office, Hyderabad.

\* \* \*

1. **WHEREAS**, you are operating the industry in the name of M/s. Mavasaan Seeds Processing Unit, Sy.No. 335/1/A, Bhoothpur (V), Bhoothpur (M), Mahbubnagar District (Formerly M/s. Palamoor Seeds Pvt. Ltd., Sy.No. 334/1/C, Karvena Road, Bhoothpur (V & M), Mahaboobnagar District which is involved in seed processing unit.
2. **WHEREAS**, vide reference 1<sup>st</sup> cited, the EE, RO, Hyderabad has forwarded detail inspection report to Zonal office, Hyderabad for taking necessary action on De-linting units.
3. **WHEREAS**, vide reference 2<sup>nd</sup> cited, the AEE-III of RO, Hyderabad has inspected De-linting units located at Bhoothpur Mandal on 07.01.2020. The general and inspection observations of the following industries are as below:
  1. M/s. Mavasaan seeds processing unit, Sy.No: 335/1/A, Bhoothpur(V), Bhoothpur(M), Mahbubnagar District and is involved in seed processing unit.
  2. M/s. Palamoor Seeds Pvt. Ltd., Sy.No.334/1/C, Karvena Road, Bhoothpur (V & M), Mahaboobnagar District which is beside the M/s Mavasaan seeds processing unit, has obtained CFO production of Seed Processing 30,000 Kg/year which is valid upto 30.06.2021. Earlier, this office has inspected M/s. Palamoor Seeds Pvt. Ltd and following non-compliances of the Board were observed.
    - a) The industry is operating de-linting activity without permission of the Board.
    - b) During inspection, Sri Venkatarreddy, Plant manager of the industry was present.
    - c) During inspection, the industry is discharging effluents, directly into unlined lagoon.
    - d) The industry is storing effluents in unlined lagoon and stagnated effluents were observed in the unlined lagoon.
    - e) The industry has stored acid carboys in open area without concentrate floor.
    - f) The industry has not provided closed shed for storage of Sulphuric Acid Carboys.
    - g) The industry has not submitted any document pertaining to production details and membership copies of M/s. JETL & TSDF.
    - h) The industry has stored hazardous waste in unlined open area.

- i) Based on above observation, this office has issued show cause notice to industry on 08.02.2019 and the detailed report forwarded to Zonal office, Hyderabad on 16.02.2019 for taking necessary action.
3. M/s. Mavasaan seeds processing unit, Sy. No: 335/1/A has applied through TS-iPASS for CFE for production of cotton De linting - 50000 kg/years. The issue of CFE was placed before the CFE Committee Meeting held at Zonal Office Hyderabad on 18.12.2019. After careful examination, the Committee recommended to reject the CFE application of the industry for the following reasons:
- The industry has not submitted details of effluents disposal.
  - The industry has not submitted quantity of solid waste and its disposal details.
  - The industry has not complied with earlier observations of the Board.

**During inspection the following observations were made:**

1. The industry was in operation.
  2. The industry is operating without consent of the Board.
  3. The industry is having two de-linting machineries
  4. The industry is sending effluents in to lined lagoon settling tanks and adding lime then finally discharging into unlined lagoon.
  5. The industry is storing effluents in unlined lagoon and stagnated effluents were observed in the unlined lagoon.
  6. The industry has stored acid carboys in open area without concrete floor.
  7. The industry has not provided closed shed for storage of Sulphuric Acid Carboys
  8. The industry has not submitted any document pertaining to production, membership of M/s. JETL & TSDF.
  9. The industry has stored hazardous waste in unlined open area.
  10. The Board Officials have collected samples from Collection tank effluents before lime mixing and also collected Stagnation effluents after lime mixing for analysis. As per the analysis reports, the samples collected were acidic in nature, so BOD parameter was not carried out. The values of Collection tank effluents before lime mixing pH- 0.54, TSS – 502 mg/lit, TDS – 29,195 mg/lit and COD - 13,770 mg/lit and the values of Stagnation effluents after lime mixing are pH-5.15, TSS-1,021mg/lit, TDS-5,136 mg/lit and COD-16,605mg/lit.
4. **WHEREAS**, vide reference 3<sup>rd</sup> cited, the Board has issued show cause notice to the industry on 07.01.2020 for Non-compliance of Board Conditions.
5. **WHEREAS**, the EE, Regional Office, Hyderabad has forwarded a detailed report with the above observations to Zonal Office Hyderabad for further necessary action vide reference 4<sup>th</sup> cited.
6. **WHEREAS** vide reference 5<sup>th</sup> cited above, the Zonal Office, Hyderabad has conducted Legal Hearing before the Zonal office, Task Force Committee meeting held on 31.01.2020 at Zonal Office, T.S Pollution Control Board, Begumpet, Hyderabad. After detailed discussions and careful consideration of material facts of the case, the committee recommended to **issue closure orders** to the industry for the following reasons:
- The industry is operating without obtaining valid CFE/CFO of the Board.
  - The industry is sending effluents into unlined lagoon settling tanks and adding lime and is finally discharging into unlined lagoon.
  - The industry is storing effluents in unlined lagoon and stagnated effluents were observed in the unlined lagoon.
  - The industry has stored acid carboys in open area without concrete flooring.
  - The industry has not provided closed shed for storage of Sulphuric Acid Carboys.
  - The industry has not submitted any document pertaining to production details, membership copies of M/s. JETL, CETP & TSDF, Dundigal.
  - The industry has stored hazardous waste on an unlined open area.

- As per the analysis reports of samples collected from stagnated effluents, the values are exceeding the prescribed standards.
7. After careful consideration of all material facts of the case and the recommendation of the Task Force Committee, the Board has observed that the industry is not complying with the conditions of the Board and causing nuisance to the surrounding people thereby causing severe water pollution in the surrounding area thereby affecting the public health and environment.
  8. Under the Powers vested with the T.S. Pollution Control Board under section 33(A) of Water (Prevention and Control of Pollution) Amendment Act, 1988 and under 31(A) of the Air (Prevention and Control of Pollution) Amendment Act, 1987 for the reasons stated above, **the Board hereby issues closure orders to your industry**, in the interest of protecting public health and environment.
  9. You are further directed to note that the TSCPDCL has been ordered to disconnect Power Supply to your plant with immediate effect. Should you resort to run your industry by means of diesel generator or any mechanical device, you will be attracting prosecution under Section 41(2) of Water (Prevention and Control of Pollution) Amendment Act, 1988 and under Section 37(1) of Air (Prevention and Control of Pollution) Amendment Act, 1987.

The orders will take effect from today i.e., 07.02.2020
