

Lr.No. SEIAA/TS/OL/NLG-04/2016- 421

Dt:26.04.2017.

To

Sri. M. Srinivasa Rao, Manager,
M/s. Hindusthan Petroleum Corporation Ltd.,
Suryapet Terminal, Immampet (V),
Gardepalli Raod, Suryapet (M),
Nalgonda District - 508213

Sir,

P.S.
DESPATCHED
ON: 29/4/17

Sub:	SEIAA, TS – M/s. Hindustan Petroleum Corporation Limited, Sy.No: 187, 188, 189, 190 & 146, Imampet (V), Suryapet (M), Nalgonda District – Amendment to Environmental Clearance – Application Returned - Reg.
Ref:	1. EC order No.SEIAA/TS/OL/NLG/2016-1932, dt.03.11.2016. 2. Representation dt.19.01.2017 uploaded online on 22.01.2017 (proposal no. SIA/TG/IND/18317/2016) received on 02.02.2017. 3. S.O.3518 (E), dt. 23.11.2016 issued by the MoEF&CC, GoI.

The MoE&F, GoI issued EC vide order dt.11.04.2000 in the name of M/s. Hindustan Petroleum Corporation Limited for Petroleum product pipeline project Vijayawada to Secunderabad, in which Suryapet terminal is one among them, for storage of MS (2 x 4500 m³), HSD (2 x 20410 m³), SKO (2 x 1910 m³) in 6 floating roof tanks at Suryapet Tank farm. Subsequently, the SEIAA, Telangana issued EC vide reference 1st cited for the proposed Additional Tank for storage of Petroleum Products within the existing Terminal in the name of M/s. Hindustan Petroleum Corporation Limited, Sy.No: 187, 188, 189, 190 & 146, Imampet (V), Suryapet (M), Nalgonda District for storage capacities of the Petroleum products as follows:

S.No.	Product	No. of Tanks	Capacity of each Tank (KL)	Type of Tanks
Existing:				
1.	MS	2	3780	Floating Roof
2.	HSD	2	18150	Floating Roof
3.	SKO	2	1500	Floating Roof
Proposed:				
1.	MS	1	5000	Floating Roof

The proponent vide reference 2nd cited informed that in addition to the above Floating Roof tanks, 7 Underground tanks are existing in the premises for operational convenience i.e., for unloading sick tank trucks, taking the slop oil during the operations, unloading the bridging takers in case of product crises and unloading the ethanol from tankers. Hence, it was requested to incorporate the details of Underground tanks of different capacities as following in addition to above ground tanks and issue amendment to EC:

Existing:

S.No.	Product	No. of Tanks	Capacity of each Tank (KL)	Type of Tanks
1.	MS	1	50	Underground
2.	Slop	1	18.8	Underground
3.		1	70	Underground

S.No.	Product	No. of Tanks	Capacity of each Tank (KL)	Type of Tanks
4.		1	22	Underground
5.	SKO	1	50	Underground
6.	Ethanol	1	70	Underground
7.		1	45	Underground

Proposed for Construction:

S.No.	Product	No. of Tanks	Capacity of each Tank (KL)	Type of Tanks
1.	Ethanol	1	180	Underground
2.		1	180	Underground
3.	Biodiesel	1	180	Underground
4.		1	180	Underground

Meanwhile, the MoEF&CC, GoI vide reference 3rd cited issued an Amendment to EIA Notification, 2006. As per provisions laid under latest amendment notification "Any change in product-mix, change in quantities within products or number of products in the same category for which environmental clearance has been granted shall be exempt from the requirement of prior environmental clearance provided that there is no change in the total capacity sanctioned in prior environmental clearance granted earlier under this notification and there is no increase in pollution load. The project proponent shall follow the procedure for obtaining No Increase in Pollution Load certificate from the concerned State Pollution Control Board".

The request of the proponent has been examined and processed in accordance with EIA Notification, 2006 and its amendments thereof. The State Level Expert Appraisal Committee (SEAC) examined the application in its meeting held on 22.02.2017 and noted that though no. of tanks for storage of different petroleum products is increased, the total storage capacity even for proposed amendment (52845.8 KL) is within the total storage capacity (53640 m³) mentioned in the initial EC issued by the Ministry. Based on the information furnished, presentation made by the proponent and provisions laid under Amendment Notification issued vide SO.3518 (E), dt.23.11.2016 by the MoEF&CC, GoI, the Committee considered the project proposal and referred the proposal to the SEIAA to return the proposal for amendment to EC as no EC is required for change of product mix within the permitted storage capacity for same Category of products and to direct the proponent to obtain "No Increase in Pollution Load certificate" from the Telangana State Pollution Control Board. The State Level Environment Impact Assessment Authority (SEIAA) in its meetings held on 14.03.2017 & 18.03.2017 examined the proposal and recommendations of SEAC. Accordingly, after discussions in the matter and considering the recommendations of the SEAC, the SEIAA, Telangana decided to return the proposal for amendment to EC as per S.O.3518 (E), dt. 23.11.2016 issued by the MoEF&CC, GoI and to direct the proponent to obtain "No Increase in Pollution Load Certificate" from the Telangana State Pollution Control Board.

In view of the above, your proposal for amendment to EC is herewith returned. You are requested to obtain "No Increase in Pollution Load Certificate" from the Telangana State Pollution Control Board, as per S.O.3518 (E), dt. 23.11.2016 issued by the MoEF&CC, GoI.

Yours faithfully,

Sd/-
Member secretary,
SEIAA, TS
