12.	Shri Ravindra Samaya Mantri	Sd/-
13.	Prof.P.Gnaneshwar,	Sd/-
14.	Prof.I.Panduranga Reddy,	Sd/-

Minutes of the SEAC Meeting held on 03.06.2015.

Agenda Item: 24	"Proposed Residential Complex Lake City, Phase-II by M/s. Srisairam Projects Limited, Sy. No. 105sss to 109, 111 to 114, Hafeezpet (V), Serilingampally (M), Rangareddy District- Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 25	"Proposed Residential Complex Lake City, Phase-III by M/s.Srisairam Projects Limited, Sy. No. 105 to 109, 111 to 114, Hafeezpet (V), Serilingampally (M), Rangareddy District- Environmental Clearance - Reg.
------------------------	--

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 26	M/s. Country Club (India) Ltd., M.C.H.No. 6-3-1219, Sy.No. 106&107, Vilayat Manzil, Country Club Premises, Begumpet, Hyderabad- Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 27	Bird Park Eco tourism Project by M/s. Hyderabad Bird Park & Gardens Pvt. Ltd., Sy.No. 72 (Kothaguda Reserve Forest) (Kothaguda (V), Kondapur, Serilingampally (M), Ranga Redy District- Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 28	Botanical Garden of (M/s. Delara Tourism Corporation Limited) Sri Kotla Vijaya Bhaskar Reddy (SKVBR) Botanical Garden Eco Tourism Project, Sy.No.72, Kothaguda RF, Kondapur (V), Serilingampalli (M), Rangareddy District - Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 29.	Proposed Medical College & Extension of the Existing, E.S.I.C. Hospital Building, ESIC Campus, Sanathnagar, Hyderabad -Environmental Clearance -Reg.
-------------------------	---

The representative of the project proponent Dr. P.K. Jain and Sri G.V. Reddy of M/s. Team Labs Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that earlier the SEIAA, AP issued EC vide order dt. 26.02.2010 for construction of Proposed Medical College & Extension of the Existing, E.S.I.C. Hospital Building, ESIC Campus, Sanathnagar, Hyderabad.

The proponent vide Ir.dt.03.06.2015 requested to issue amendment to EC. It was informed that there are no changes w.r.t Hospital but the changes are only w.r.t medical college i.e., increase in builtup area (1339 sq.m. in Academic Block) and increase in number of generators (6 No.) in Medical College only. It was further informed that all other parameters/details mentioned in the EC order issued earlier remains same.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

It is noted that as per S.O.3252 (E), dt.22.12.2014 issued by the MoEF&CC, GoI, the schools, colleges, educational institutions were exempted from EC. Since, there are no changes w.r.t. hospital building and changes are w.r.t. Medical College only, which is now exempted from EC, the amendment to EC issued earlier may not be required.

After detailed discussions, the SEAC recommended to inform above provision to the proponent.

Agenda Item: 30	20 MW Captive Power Plant by M/s. Singareni Collieries Company Ltd., Khammam District – Environmental Clearance -Reg.
------------------------	--

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 31	1 x 67.5 MW Thermal Power Plant by M/s. Vaibhav Sai Power Generation Pvt. Ltd., Sy.No. 195, 197, 198, 199, 205, 202, 203, 554, 555, Achalapur (V), Tandur (M), Adilabad District - Environmental Clearance -Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 32	1 x 67.5 MW Thermal Power Plant by M/s. Vaibhav Sai Power Generation Pvt. Ltd., Sy. No. 92 to 153, Rebbana (V & M), Adilabad District-Environmental Clearance -Reg.
------------------------	--

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 33	1.00 Ha. Colour Granite Mine by M/s. Thirumala Granites, Sy.No.87, Kamanpur (V), Karimnagar(M), Karimnagar District - Environmental Clearance -Reg.
------------------------	--

The representative of the project proponent Sri Ch. Damodar Rao and Sri G.V. Reddy of M/s. Team Labs Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 1.0 Ha. which is less than 5.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Rampur Agraharam which is existing at a distance of 1.1 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 34	5.311 Ha. Laterite Mine, M/s Lokamanya Lines & Minerals, Sy. No.2461/P, 2462, 2463, 2464/P and 2466/P, Ramachandrapuram(V), Mulugu(M), Warangal District – Environmental Clearance - Reg.
----------------------------	--

The representative of the project proponent Sri P. Vasudeva Reddy, representative of M/s. **Lokamanya Lines & Minerals** and Sri G.V. Reddy of M/s, Team Labs Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 5.311 Ha. which is less than 25.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent stated that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that mining activities existing within 500 m from the periphery of project not exceeds 25.0 Ha. The proponent also submitted undertaking on the same issues.

The nearest village to the proposed site is Chandru Thanda which is existing at a distance of 1.25 km. from the boundary of the site. The nearest Reserve Forest is Narsampet Pakhal RF which is existing at a distance of 1.2 km.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the Laterite carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from nearby village by tankers. The waste water generation from the mine will be only from domestic section (1 KLD) for which the mine is proposing septic tank followed by soak pit.

The estimated OB generation from the mine is shown as 100832.4 Tons during the 5 year plan and total waste generation during the mine lease period is 403329.6 Tons. The industry is proposing 2850 m² dump area towards western side with 9 m height. The industry is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation on redundant dump. The industry is proposing garland drain around the dumps to arrest siltation.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

The industry proposing 750 m² area on NW border of the mining lease area in the 7.5 m buffer zone for plantation during 5 years and for the remaining period the waste dump will be stabilized with plantation. They informed that regular monitoring on survival rate and remedial action should be done in an organized and planned manner. The list of plants identified for greenbelt are Velaga, Peddamaanu, Dirisana, Vepa or Neem, Marri, Gaanuga and Nallamaddi.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 35	4.60 Ha. Colour Granite Mine of M/s. Krishna Sai Exports Pvt. Ltd., Sy.Nos. 473, 474, 476, & 477 Nagulamalyal(V), Karimnagar(M), Karimnagar District – Environmental Clearance - Reg.
------------------------	--

The representative of the project proponent Sri B.Sri Hari, M/s. **Krishna Sai Exports Pvt. Ltd.**, and Sri G.V. Reddy of M/s. Team Labs Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.60 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent stated that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that mining activities existing within 500 m from the periphery of project not exceeds 25.0 Ha. The proponent also submitted undertaking on the same issues.

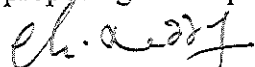

The nearest village to the proposed site is Nagulamalyal (V) which is existing at a distance of 1.5 km. from the boundary of the site. The nearest river is Maneru river which is existing at a distance of 3.7 km.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers. The waste water generation from the mine will be only from domestic section (1.6 KLD) for which the mine is proposing septic tank followed by soak pit.

The estimated OB generation from the mine is shown as 236484 m³ during the 5 year plan and total waste generation during the mine lease period is 945936 m³. The industry is proposing 1133 m² dump area towards western side with 30 m height. The industry is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

of plants for plantation along the Roads & OB dump. The industry is proposing garland drain and siltation pond to arrest siltation.

The industry proposing 750 m² area on NW border of the mining lease area for plantation during 5 years and for the remaining period the waste dump will be stabilized with plantation. They informed that regular monitoring on survival rate and remedial action should be done in an organized and planned manner. The list of plants identified for greenbelt are Velaga, Peddamaanu, Dirisana, Vepa or Neem, Marri, Gaanuga and Nallamaddi.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 36	2.074 Ha. Colour Granite Mine of M/s. Mathrusri Granites, Sy.No.341, Kadambapur(V), Sulthanabad(M), Karimnagar District – Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 37	1.679 Ha. Quartz Mine of Sri T. Krishna Prasad, Sy.No.115/1, Karegaon (V), Varini (M), Nizamabad District – Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 38	4.0 Ha. Black Granite Mine of M/s. Poornima Granites (P) Ltd., Sy.No.10, Narsimhapuram (v), Kangal (M), Nalgonda District – Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 39	1.0 Ha. Black Granite Mine of Sri Bairu Harinatha Babu, Sy.No.289, Gudimalla(V), Khammam Rural Mandal, Khammam District – Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 40	1.0 Ha. Black Granite Mine of M/s. Meghana Enterprises, Sy.No.67 & 68, Siddapur (V), Kothur (M), Mahaboobnagar District – Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri B. Suresh Babu, M/s. **Meghana Enterprises**, and Sri Arshad Sheik of M/s. Sri Sai Manasa Nature Tech (P) Limited, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 1.0 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

The proponent stated that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that mining activities existing within 500 m from the periphery of project not exceeds 25.0 Ha. The proponent also submitted undertaking on the same issues.

The nearest village to the proposed site is Siddapur (V) which is existing at a distance of 1.2 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The estimated OB generation from the mine is shown as 12785 m³ during the 5 year plan and total waste generation during the mine lease period is 45648 m³. The waste will be dumped insides of the quarry lease area. The industry is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The list of plants proposing for greenbelt are Vepa or Neem & Gaanuga. The industry is proposing garland drain and siltation pond to arrest siltation.

Members of Sub-committee:

1. Prof. I. Panduranga Reddy
2. Prof. C. Venkateshwar

Agenda Item: 41	7.50 Ha. Black Granite Mine of M/s. Poornima Granites (P) Ltd., Sy.No.159, Thorgallu (v), Kangal (M), Nalgonda District – Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 42	1.0 Ha. Black Granite Mine of Sri Hasan Bil Haqul, Sy.No.18, Farooqnagar(V & M), Mahaboobnagar District – Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri P. Manivannan, and Sri Arshad Sheik of M/s. Sri Sai Manasa Nature Tech (P) Limited, Hyderabad attended and made a presentation before the SEAC.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

It is noted that the mine lease area is 1.0 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent stated that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that mining activities existing within 500 m from the periphery of project not exceeds 25.0 Ha. The proponent also submitted undertaking on the same issues.

The nearest village to the proposed site is Farooqnagar (V) which is existing at a distance of 0.91 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The estimated OB generation from the mine is shown as 24867 m³ during the 5 year plan and total waste generation during the mine lease period is 99468 m³. The waste will be dumped in the NW border of the quarry lease area. The industry is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The list of plants proposing for greenbelt are Vepa or Neem & Gaanuga. The industry is proposing garland drain and siltation pond to arrest siltation.

During the meeting it was observed that occupancy & ownership mentioned in approved mining plan as government land. But, during the review, it was observed that it was a private land. Hence, the Committee suggested the industry to submit corrected approved mining plan for ownership from government land to private land.

Members of Sub-committee:

1. Dr. Vemula Vinod Goud
2. Dr. K. Shiva Kumar

Agenda Item: 43	2.0 Ha Colour Granite Mine of Sri L. Siva Kumar, Sy.No.84, Plampally (V), Thimapur (M), Karimnagar District – Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri Abdul Kareem and Sri Arshad Sheik of M/s. Sri Sai Manasa Nature Tech (P) Limited, Hyderabad attended and made a presentation before the SEAC.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

It is noted that the mine lease area is 2.0 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent stated that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that mining activities existing within 500 m from the periphery of project not exceeds 25.0 Ha. The proponent also submitted undertaking on the same issues.

The nearest village to the proposed site is Chintagutta (V) which is existing at a distance of 1.34 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The estimated OB generation from the mine is shown as 91620 m³ during the 5 year plan and total waste generation during the mine lease period is 439704 m³. The industry is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The list of plants proposing for greenbelt are Vepa or Neem & Gaanuga. The industry is proposing garland drain and siltation pond to arrest siltation.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 44	4.0 Ha. Black Granite Mine of M/s.Rasi Granites, Sy.No.205, 206/AA. 208/A, 208/2 & 209/AA/2, Anadanalapadu (V), Dornakal (M), Warangal District – Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri S.K. Jaani of M/s. Rasi Granites, and Sri Arshad Sheik of M/s. Sri Sai Manasa Nature Tech (P) Limited, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 4.0 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent stated that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that mining activities existing within 500 m from the periphery of project not exceeds 25.0 Ha. The proponent also submitted undertaking on the same issues.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

The nearest village to the proposed site is Bisrajpalli (V) which is existing at a distance of 1.5 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The estimated OB generation from the mine is shown as 52658 m³ during the 5 year plan and total waste generation during the mine lease period is 210632.4 m³. The industry is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The list of plants proposing for greenbelt are Vepa or Neem & Gaanuga. The industry is proposing garland drain and siltation pond to arrest siltation.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 45	4.0 Ha. Black Granite Mine of M/s. Sharada Stonex, Sy.No. 228/2 & 228/3, Singareddypalem (V), Nelakondapally(M), Khammam District - Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 46	1.0 Ha. Black Granite Mine of M/s. Konark Granites Company, Sy.No.10, Narsimhapuram (V), Kangal (M), Nalgonda District - Environmental Clearance - Reg.
------------------------	--

The proponent did not attend the meeting. Hence, the item is deferred.

Agenda Item: 47	1.0 Ha. Black Granite Mine of M/s. Konark Granites Company, Sy.No.154, Thoragallu(V), Kangal (M), Nalgonda District - Environmental Clearance - Reg.
------------------------	---

The proponent did not attend the meeting. Hence, the item is deferred.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

Agenda Item: 48	2.0 Ha. Black Granite Mine of M/s. Kuravi Granites, Sy.No.492/1/1, Kampally (V), Kuravi (M), Warangal District – Environmental Clearance - Reg.
------------------------	--

The representative of the project proponent Sri N. Naresh of M/s. Kuravi Granites, and Sri Arshad Sheik of M/s. Sri Sai Manasa Nature Tech (P) Limited, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 2.0 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent stated that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that mining activities existing within 500 m from the periphery of project not exceeds 25.0 Ha. The proponent also submitted undertaking on the same issues.

The nearest village to the proposed site is Mannegudem (V) which is existing at a distance of 1.72 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The estimated OB generation from the mine is shown as 69773.4 m³ during the 5 year plan and total waste generation during the mine lease period is 279093.6 m³. The industry is proposing 1987 m² with an average 3 m for OB dump in West side direction within quarry mine lease area and proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The list of plants proposing for greenbelt are Vepa or Neem & Gaanuga. The industry is proposing garland drain and siltation pond to arrest siltation.

After detailed discussions, the project is recommended for issue of EC.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 03.06.2015.

Agenda Item: 49	2.0 Ha Colour Granite Mine of M/s. K.J. Quarries Pvt. Ltd., Sy.No.266, Jagityal (V), Hasanparthy (M), Warangal District – Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri N.S.Balaji of M/s. K.J. Quarries Pvt. Ltd., and Sri Arshad Sheik of M/s. Sri Sai Manasa Nature Tech (P) Limited, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 2.0 Ha. which is less than 5.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent stated that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that mining activities existing within 500 m from the periphery of project not exceeds 25.0 Ha. The proponent also submitted undertaking on the same issues.

The nearest village to the proposed site is Jayagiri (V) which is existing at a distance of 0.8 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Granite carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The estimated OB generation from the mine is shown as 26765 m³ during the 5 year plan and total waste generation during the mine lease period is 253135 m³. The industry is proposing to dump OB within the mine lease area and proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The list of plants proposing for greenbelt are Vepa or Neem & Gaanuga. The industry is proposing garland drain and siltation pond to arrest siltation.

After detailed discussions, the project is recommended for issue of EC.
