

**MINUTES OF THE 2nd MEETING OF
STATE EXPERT APPRAISAL COMMITTEE,
(SEAC), TELANGANA STATE
HELD ON 04.06.2015, 10:00 A.M.**

Minutes of the SEAC Meeting held on 04.06.2015.

MINUTES OF THE 2nd MEETING OF STATE EXPERT APPRISAL COMMITTEE (SEAC) HELD ON 04.06.2015 AT TSPCB, PARYAVARAN BHAVAN, A-3, I.E., SANATHNAGAR, HYDERABAD.

The following members were present:

S. No.	Name of the Expert	Signature
1.	Prof.Ch.Krishna Reddy, H.No: 2-2-20/L/7, #401. Golden towers – II Raja Rajeshwari BLPG, D.D. Colony, Hyderabad. Ph: 9866629265	Chairman.
2.	Dr.(Ms)Thatiparthi Vijayalakshmi Plot No.110, Siddartha Nagar, S.R. Nagar Post, Hyderabad-500038. Ph: 9440896661	Member
3.	Dr.K.Shivakumar, Plot No. 328, Flat No: 302, Mehar Ninan, KPHB 6 th phase, Kukatpally, Hyderabad-500072 Ph: 9951701067	Member
4.	Dr.K.Gautami, 'Avant' – Plot No. 95, Road No. 13-A, Banjara Hills, Hyderabad-500034. Ph: 9246339033	Member
5.	Prof.A.Panasa Reddy, H.No. 4-7-17/5/1, Ragharendra Nagar, Nacharam, Hyderabad-500076. Ph: 9849957268	Member
6.	Dr.P.Radha Krishna, H.No. 9/40, Bahar 'B', Sahara States, Mansoorabad, LB Nagar, Hyderabad-500068 Ph:9848555242	Member
7.	Dr.Vemula Vinod Goud, H.No. 6-156, Sridurga Estates, Deepthisri Nagar, Madinaguda, Hyderabad-500049. Ph:9440386945	Member

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

8.	Prof.C.Venkateshwar, Department of Botany, University College of Science. OU. Hyd. Flat No. 117, 'C' Block, Janapria castle, Ramnagar, Vidyanagar – Hyderabad Ph:9440487742 & 8096754604	Member
9.	Prof.B.Reddy Naik, Department of Zoology, University College of Science, Osmania University, Hyderabad-500007. Ph: 9290491044	Member
10.	Shri Billa Yella Reddy, H.No. 1-8-559, Balasamudram, Nakkalagutta, Hannmakonda, Warangal-506001. Ph:9963955924	Member
11.	Shri Suresh, B-106, Vertex prime, Nizampet Road, Kukatpalli, Hyderabad. Ph: 9177037785	Member
12.	Shri Ravindra Samaya Mantri H.No: 3-5-44/1, Flat No. 301, Areadia Apartments, Edengaden Road, Hyderabad- 500001. Ph:9491145160	Member
13.	Prof.P.Gnaneshwar, H.No: 2-129/11/1, Near Balaji Nursing Home, Vijayapuri Colony, Uppal, Hyderabad-500039. Ph: 9440391849	Member
14.	Prof.I.Panduranga Reddy, H.No. 8-5-31/19, Road No. 3, Srinidhi Colony, Karmanghat, Hyderabad-500079. Ph:9885622266	Member

After general introductory remarks by the Chairman, SEAC, the Committee took up items agenda-wise. The decisions of the SEAC on each case are recorded below.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

DECLARATION

It is hereby declared that the Chairman and members of SEAC, T.S., do not have conflict of interest with any project proponent pertaining to the items discussed in the SEAC meeting held on 04.06.2015

S. No.	Name of the Expert	Signature
1.	Prof.Ch.Krishna Reddy,	Sd/-
2.	Dr.(Ms)Thatiparthi Vijayalakshmi	Sd/-
3.	Dr.K.Shivakumar,	Sd/-
4.	Dr.K.Gautami,	Sd/-
5.	Prof.A.Panasa Reddy,	Sd/-
6.	Dr.P.Radha Krishna,	Sd/-
7.	Dr.Vemula Vinod Goud,	Sd/-
8.	Prof.C.Venkateshwar,	Sd/-
9.	Prof.B.Reddya Naik,	Sd/-
10.	Shri Billa Yella Reddy,	Sd/-
11.	Shri Suresh,	Sd/-
12.	Shri Ravindra Samaya Mantri	Sd/-
13.	Prof.P.Gnaneshwar,	Sd/-
14.	Prof.I.Panduranga Reddy,	Sd/-

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

Agenda Item: 50	22.160 Ha. Ordinary Sand Mine, Rampur Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., Rampur (V), Eturnagaram (M), Warangal District - Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Sri Hari Prasad of M/s. ABC Techno Labs India Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Rampur Agraharam which is existing at a distance of 1.1 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 51	21.637 Ha. Ordinary Sand Mine, Ramannagudem Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., of Ramannagudem (V), Eturunagaram (M), Warangal District- Environmental Clearance - Reg.
------------------------	--

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Sri Hari Prasad of M/s. ABC Techno Labs India Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

The nearest village to the proposed site is Ramannagudam (V) which is existing at a distance of 0.6 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 52	24.50 Ha. Ordinary Sand Mine, Kondapuram Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., Kondapuram (V), Venkatarampuram (M), Khammam District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Sri P.V.R.S. Surendra of M/s. Bhagavathi Ana Labs Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Kondapuram (V) which is existing at a distance of 1.29 Km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 53	19.76 Ha. Ordinary Sand Mine, Mogallapali Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd.in, Mogallapalli (V), Cherla (M), Khammam District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCCL and Sri P.V.R.S. Surendra of M/s. Bhagavathi Ana Labs Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Mogallapalli (V) which is existing at a distance of 2.75 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 54	24.86 Ha. Ordinary Sand Mine, Suraveedu Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., Suraveedu (V), Venkatapuram , Khammam District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCCL requested to defer the proposal for the next meeting.

Hence, the SEAC deferred the project for the next meeting.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

Agenda Item: 55	24.96 Ha. Ordinary Sand Mine, Peddipalli Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., Peddipalli (V), Cherla (M), Khammam District - Environmental Clearance - Reg.
------------------------	--

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Smt. Srilatha of M/s. Sri Sai Manasa Nature Tech. Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Mummidaram (V) which is existing at a distance of 1.0 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees:
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 56	23.43 Ha. Ordinary Sand Mine, Gommugudem Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., Gommugudem (V), Cherla (M), Khammam District - Environmental Clearance - Reg.
------------------------	--

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Smt. Srilatha of M/s. Sri Sai Manasa Nature Tech. Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

The nearest village to the proposed site is Gommugudem (V) which is existing at a distance of 0.75 Km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 57	24.24 Ha. Ordinary Sand Mine, Janampeta Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., Janampeta (V), Pinapaka (M) , Khammam District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Smt. Srilatha of M/s. Sri Sai Manasa Nature Tech. Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Bheemavaram (V) which is existing at a distance of 2.35 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

Agenda Item: 58	22.20 Ha. Ordinary Sand Mine, Bhadrachalam Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Bhadrachalam (V), Bhadrachalam (M), Khammam District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL requested to defer the proposal for the next meeting.

Hence, the SEAC deferred the project for the next meeting.

Agenda Item: 59	11.05 Ha. Ordinary Sand Mine, Chinthriala Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., Chinthriala (V), Aswapuram (M), Khammam District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Smt. Srilatha of M/s. Sri Sai Manasa Nature Tech. Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Chinthriala (V) which is existing at a distance of 0.521 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

Agenda Item: 60	13.50 Ha. Ordinary Sand Mine, Ramaraopeta Sand Reach by M/s. Telangana State Mineral Development Corporation Ltd., Ramaraopeta (V), Dummugudem (M), Khammam District - Environmental Clearance - Reg.
----------------------------	--

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Smt. Srilatha of M/s. Sri Sai Manasa Nature Tech. Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Chintriyala (V) which is existing at a distance of 0.63 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 61	24.12 Ha. Ordinary Sand Mine, Potureddypalli Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Potureddypalli (V), Pinapaka (M), Khammam District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Sri G.V. Reddy of M/s. Team Labs & Consultant attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Kotareddypallem (V) which is existing at a distance of 1.13 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 62	23.73 Ha. Ordinary Sand Mine, Morravanigudem Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Morravanigudem (V), Venkatapuram (M), Khammam District - Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCCL and Sri G.V. Reddy of M/s. Team Labs & Consultant attended and made a presentation before the SEAC.

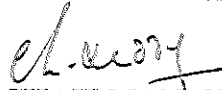

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Ippagudem (V) which is existing at a distance of 1.7 Km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 63	4.90 Ha. Ordinary Sand Mine, Bandaranjil Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Bandaranjil (V), Bichkunda (M), Nizamabad District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Sri G.V. Reddy of M/s. Team Labs & Consultant attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report. The proponent submitted application for excavation of sand @ 98,000 cum/annum considering 2m depth. But, during the presentation the proponent informed that they will excavate sand @ 49,000 cum/annum, considering 1m depth only.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Damrancha (V) which is existing at a distance of 2.0 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

Agenda Item: 64	23.7 Ha. Ordinary Sand Mine, Marikala Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Marikala (V), Venkatapuram (M), Khammam District - Environmental Clearance - Reg.
------------------------	--

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Sri G.V. Reddy of M/s. Team Labs & Consultant attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Punem Veerapuram (V) which is existing at a distance of 2.4 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 65	7.98 Ha. Ordinary Sand Mine, Mutharam Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Mutharam (V), Venkatapuram (M), Khammam District - Environmental Clearance - Reg.
------------------------	--

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Sri G.V. Reddy of M/s. Team Labs & Consultant attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Alubaka (V) which is existing at a distance of 1.3 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 66	22.52 Ha. Ordinary Sand Mine, Alubaka Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Alubaka (V), Venkatapuram (M), Khammam District - Environmental Clearance - Reg.
----------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCL and Sri G.V. Reddy of M/s. Team Labs & Consultant attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Alubaka (V) which is existing at a distance of 1.1 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 67	18.00 Ha. Ordinary Sand Mine, Kothapally Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Kothapally (V), Cherla (M), Khammam District - Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCCL and Sri G.V. Reddy of M/s. Team Labs & Consultant attended and made a presentation before the SEAC.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Kothapally (V) which is existing at a distance of 1.0 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 68	4.90 Ha. Ordinary Sand Mine, Hasgul Sand Reach by M/s. Telangana State Mineral Development Corporation Limited, Hasgul (V), Bichkunda (M), Nizamabad District - Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri K. Rajashekar Reddy, GM, M/s. TSMDCCL and Sri G.V. Reddy of M/s. Team Labs & Consultant attended and made a presentation before the SEAC.

CHAIRMAN, SEAC, TS

Minutes of the SEAC Meeting held on 04.06.2015.

It is noted that the mine lease area is less than 25.0 Ha. The project is considered under B2 Category, as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan & EMP Report. The Proponent submitted application for excavation of sand @ 98,000 cum/annum considering 2m depth. But, during the presentation the proponent informed that they will excavate sand @ 49,000 cum/ annum, considering 1m depth only.

The proponent has submitted an undertaking stating that the distance between their mine with the nearest interstate boundary is more than 5 km. Further, it was stated that no mining activity is existing within 1km from the periphery of project.

The nearest village to the proposed site is Kristapur (V) which is existing at a distance of 2.5 km. from the boundary of the site.

The industry proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system.
- b. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- c. Dust masks for employees.
- d. Covering the sand carrying vehicles with tarpaulin covers.
- e. Plantation of trees along the roads to reduce the impact of dust in the nearby villages.

The source of water requirement for the proposed project is from near by village by tankers.

After detailed discussions, the project is recommended for issue of EC.
