

**MINUTES OF THE 26th MEETING OF
STATE EXPERT APPRAISAL COMMITTEE,
(SEAC), TELANGANA STATE
HELD ON 18.03.2017, 10.30 A.M.**

Minutes of the SEAC Meeting held on 18.03.2017.

**MINUTES OF THE 26th MEETING OF STATE EXPERT APPRISAL COMMITTEE
(SEAC) HELD ON 18.03.2017 AT TSPCB, PARYAVARAN BHAVAN, A-3, I.E.,
SANATHNAGAR, HYDERABAD.**

The following members were present:

S. No.	Name of the Expert	Position
1.	Prof.Ch.Krishna Reddy, H.No: 2-2-20/L/7, #401. Golden towers – II, Raja Rajeshwari BLPG, D.D. Colony, Hyderabad. Ph: 9866629265	Chairman.
2.	Dr.(Ms)Thatiparthi Vijayalakshmi Plot No.110, Siddartha Nagar, S.R. Nagar Post, Hyderabad-500038. Ph: 9440896661	Member
3.	Dr.K.Shivakumar, Plot No. 328, Flat No: 302, Mehar Ninan, KPHB 6 th phase, Kukatpally, Hyderabad-500072 Ph: 9951701067	Member
4.	Prof.A.Panasa Reddy, H.No. 4-7-17/5/1, Ragharendra Nagar, Nacharam, Hyderabad-500076. Ph: 9849957268	Member
5.	Dr.P.Radha Krishna, H.No. 9/40, Bahar 'B', Sahara States, Mansoorabad, LB Nagar, Hyderabad-500068 Ph:9848555242	Member
6.	Prof.B.Reddya Naik, Department of Zoology, University College of Science, Osmania University, Hyderabad-500007. Ph: 9290491044	Member
7.	Shri Ravindra Samaya Mantri H.No: 3-5-44/1, Flat No. 301, Areadia Apartments, Edengaden Road, Hyderabad- 500001. Ph:9491145160	Member
8.	Prof.I.Panduranga Reddy, H.No. 8-5-31/19, Road No. 3, Srinidhi Colony, Karmanghat, Hyderabad-500079. Ph:9885622266	Member

After general introductory remarks by the Chairman, SEAC, the Committee took up items agenda-wise. The decisions of the SEAC on each case are recorded below.

CHAIRMAN, SEAC

DECLARATION

It is hereby declared that the Chairman and members of SEAC, T.S., do not have conflict of interest with any project proponent pertaining to the items discussed in the SEAC meeting held on 18.03.2017.

S. No.	Name of the Expert	Signature
1.	Prof.Ch.Krishna Reddy	Sd/-
2.	Dr.(Ms)Thatiparthi Vijayalakshmi	Sd/-
3.	Dr.K.Shivakumar,	Sd/-
4.	Prof.A.Panasa Reddy	Sd/-
5.	Dr.P.Radha Krishna	Sd/-
6.	Prof.B.Reddya Naik	Sd/-
7.	Shri Ravindra Samaya Mantri	Sd/-
8.	Prof.I.Panduranga Reddy	Sd/-

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 18.03.2017.

Agenda Item: 44	12.95 Ha. Quartz and Feldspar Mine of M/s. Srimex Mines and Minerals, Sy.No. 22, Cheepununthala (V), Talakondapalli (M), Mahabubnagar District. - Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri B. Jagan Reddy; and Sri. M. Venkatesh of M/s. Global Enviro Labs & Consultants, Hyderabad attended and made a presentation before the SEAC.

It is noted that the mine lease area is 12.95 Ha. which is less than 25.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted application along with Approved Mining Plan, EMP Report.

The proponent submitted a copy of Notice dt. 26.04.2016 of DMG, Hyderabad granting quarry lease (in principle) in favour of the proponent for a period of 20 years. It may be noted that the Mine lease is granted after 09.09.2013.

The proponent also Submitted a copy of Ir.dt.17.02.2017 of ADMG, RR District informing that another quarry lease of Sri V. Anantha Reddy (2.08 Ha.) exists within 500m from the proposed quarry lease.

The nearest village to the proposed site is Silapuram (V) which is existing at a distance of 1.0 km from the mine lease area, Ramnutla RF exists at a distance of 1.5 km, nearest village road exists at a distance 1.0 km and Water pond exists at 0.8 km from the boundary of the site.

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Mineral carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The proponent is planning to dump OB within their Mine Lease Area. The proponent is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The project proponent is proposing garland drain and siltation pond to arrest siltation. The list of plants proposing for greenbelt are Neem, Eucalyptus & Mango.

The proposed project is Rs. 1.2 Crores. The proponent is proposing budget for Environmental protection towards Capital Cost: Rs. 10.28 Lakhs and Recurring Cost: Rs. 6.33 Lakhs/annum. They allocated Rs.1.5 lakhs of EMP cost towards plantation which is more than 10% of EMP.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item: 45	6.39 Ha. Rough Stone and Road Metal of M/s. Sri Hari Quarries & Stone Crusher, Sy.No. 581/5, Pillipally H/o. Nadivanaparthi (V), Yacharam (M), Ranga Reddy District. – Environmental Clearance - Reg.
------------------------	--

The representative of the project proponent Sri. Lalit Narayan; and Sri. P. Hari Prasad of M/s. ABC Techno Labs India Private Limited, attended and made a presentation before the SEAC.

It is noted that the mine lease area is 6.39 Ha. which is less than 25.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted application along with Approved Mining Plan, EMP Report.

CHAIRMAN, SEAC

The proponent submitted a copy of Notice dt. 17.10.2016 of DMG, Hyderabad granting quarry lease (in principle) in favour of the proponent for a period of 15 years. It may be noted that the Mine lease is granted after 09.09.2013.

The Proponent also submitted a copy of lr.dt.14.02.2017 of ADMG, RR Dist. informing that there are no quarry leases falling within 500m from the proposed quarry lease.

The nearest village to the proposed site is Pillapalli (V) which is existing at a distance of 0.62 km from the mine lease area, nearest village road exists at a distance 0.4 km, Mulavagu exists at 7.9 km and no RF exists within 1.0 km radius from the boundary of the site.

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Mineral carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The proponent is planning to dump OB within their Mine Lease Area. The proponent is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The project proponent is proposing garland drain and siltation pond to arrest siltation. The list of plants proposing for greenbelt are Neem, Subabul, Ganuga, Eucalyptus, Veduru, & Tamarind etc.,

The proposed project is Rs.70 Lakhs. The proponent is proposing budget for Environmental protection towards Capital Cost: Rs. 7.01 lakhs and Recurring Cost: Rs. 2.95 Lakhs/annum.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 46	14.50 Ha. Building Stone & Road Metal of Sri C. Abhiram Rao, Sy. No. 77, Bavusaipetaa (V), Konaraopet (M), Rajanna Siricilla Dist. - Environmental Clearance – Reg.
------------------------	--

The representative of the project proponent Sri C. Ashok Rao; and Sri. Ch. Vishnu Sharma of M/s. Pragathi Labs & Consultants Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is 14.50 Ha. which is less than 25.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted application along with Approved Mining Plan, EMP Report.

The proponent submitted a copy of Notice dt. 22.11.2016 of the DDMG, Warangal recommending quarry lease (in principle) in favour of the proponent for a period of 15 years. It may be noted that the Mine lease is granted after 09.09.2013. The proponent also Submitted a copy of lr.dt.27.02.2017 of ADMG, Rajanna Siricilla District informing that another quarry lease of Sri C. Ashok Rao (3.19 Ha.) exists within 500m from the proposed quarry lease.

The nearest village to the proposed site is Bandapally (V) which is existing at a distance of 2.0 km from the mine lease area, Siricilla Extension RF exists at a distance of 4.5 km, nearest village road exists at a distance 910 mts. and Mulugu Vagu exists at 0.7 km from the boundary of the site.

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 18.03.2017.

- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Mineral carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The proponent is planning to dump OB within their Mine Lease Area. The proponent is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The project proponent is proposing garland drain and siltation pond to arrest siltation. The list of plants proposing for greenbelt are Neem, Teak, Baadam & Jilledu, Peddamannu & Dirisana etc.,

The proposed project cost is Rs. 1.5 Crores. The proponent is proposing budget for Environmental protection towards Capital Cost: Rs. 15.0 Lakhs and Recurring Cost: Rs. 1.71 Lakhs/annum. They allocated Rs.2.52 lakhs of EMP cost towards plantation which is more than 10% of EMP.

After detailed discussions, the SEAC recommended for issue of EC.

Agenda Item: 47	9.05 Ha. Gravel Mine of Sri S. Prabhakar Reddy, Sy. No. 289 & 292, Koheda (V), Abdullapurmet (M), Rangareddy Dist - Environmental Clearance - Reg.
------------------------	---

The representative of the project proponent Sri. S. Prabhakar Rao; and Sri. Vishnu Sharma of M/s. Pragathi Labs & Consultants Pvt. Ltd., attended and made a presentation before the SEAC.

It is noted that the mine lease area is 9.05 Ha. which is less than 25.0 Ha. The project is considered under B2 Category as per the guidelines of the MoEF&CC, GoI. The proponent submitted Approved Mining Plan, EMP Report.

The proponent submitted a copy of Notice dt. 25.01.2017 of the DMG, Hyderabad granting quarry lease (in principle) in favour of the proponent for a period of 4 years. It may be noted that the Mine lease is granted after 09.09.2013.

The Proponent also submitted a copy of lr.dt. 27.02.2017, ADMG, Rangareddy Dist informing that there are no quarry leases falling within 500m from the proposed quarry lease.

The nearest village to the proposed site is Koheda (V) which is existing at a distance of 2.0 km from the mine lease area, nearest village road exists at a distance 400 mts, Artificial pond exists at 300 mts and no RF exists within 1 km of radius from the boundary of the site.

The proponent is proposing the following measures towards control of Air Pollution:

- a. Regular spraying of water by water sprinkling system on haul roads and retaining wall within the premises.
- b. Water sprinkling on blocks before dressing.
- c. Drilling with wet gunny bags on drilling surface.
- d. Timely maintenance of vehicles to minimize air pollution due to movement of vehicles.
- e. Dust masks for employees.
- f. Covering the Mineral carrying vehicles with tarpaulin covers.
- g. Plantation of trees along the roads and OB dump to reduce the impact of dust in the nearby villages. Fertile soil will be purchased locally to spread on dump for plantation.

The source of water requirement for the proposed project is from nearby village by tankers.

The proponent is planning to dump OB within their Mine Lease Area. The proponent is proposing retaining wall around the dump on dip side to arrest the loose material. They are proposing local species of plants for plantation along the Roads & OB dump. The project proponent is proposing garland drain and siltation pond to arrest siltation. The list of plants proposing for greenbelt are Neem, Teak, Baadam, Jilledu etc.,

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 18.03.2017.

The proponent is proposing budget for Environmental protection towards Capital Cost: Rs. 9.3 lakhs and Recurring Cost: Rs. 3.32 Lakhs/annum.

After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 48	5.56 Ha. (13.75 Gts) Black Granite Mine of M/s. Yak Granite Industries Pvt. Ltd., Sy. No. 584/1, Peddapuram (V), Atmakur (M), Warangal Dist. – Environmental Clearance - Reg.
------------------------	--

Earlier, the SEIAA in its meeting held on 27.01.2017 approved the project for issue of EC. Subsequently, a representation dt. 02.02.2017 is received from the Villagers of Lingamadugupalle & Peddapuram against the project to stop issuing EC to the project.

In view of the above, the SEIAA in its meeting held on 16.02.2017 decided to refer back the issue to the SEAC for re-examination w.r.t. representation to ascertain the fact.

Now, keeping in view of the instructions of the SEIAA in its meeting held on 16.02.2017, the SEAC decided to constitute a Sub-Committee with the following members w.r.t. representation to ascertain the facts:

Members of Sub-Committee:

1. R.S. Mantri
 2. Suresh
- ③ Pandu Ranga Reddy .

Agenda Item: 49	"Residential Villas" of "M/s. APR Projects" Patancheru (V&M), Medak Dist – Environmental Clearance - Reg.
------------------------	--

Earlier, the SEIAA in its meeting held on 23.02.2017 decided to refer back the proposal to the SEAC to ascertain the probable impacts of Air & Water on the residents.

Now, keeping in view of the instructions of the SEIAA in its meeting held on 23.02.2017, the SEAC decided to constitute a Sub-Committee with the following members to ascertain the probable impacts of Air & Water on the residents in the proposed project:

Members of Sub-Committee:

1. Vijaya Laxmi
2. Siva Kumar.

Agenda Item: 50	M/s. Sri Gayathri Drugs Private Limited. Sy. No. 497 (Part), IDA Bonthapally, Jinnaram (M), Medak Dist. – Environmental Clearance - Reg.
------------------------	---

Earlier, the SEIAA in its meeting held on 23.02.2017 decided to refer back the proposal to the SEAC to ascertain whether the existing products i.e., Benzyl Acetate, Benzyl Dehyde, Formamidine Acetate & N-Methyl-4-(3,4-Dichloro Phenyl)-1,2,3,4-Dihydro-1 Naphthalene Imine are Bulk Drug / Bulk Drug Intermediate OR not.

The SEAC noted the decision of SEIAA and also noted the justification submitted by the proponent vide lr.dt. 17.03.2017. The SEAC observed that the existing product 'Formamidine Acetate' is used as intermediate in manufacturing "Itraconazole" which is an antifungal agent and is used to treat variety of fungal infections. Further, 'N-Methyl-4-(3,4-Dichloro Phenyl)-1,2,3,4-Dihydro-1 Naphthalene amine' is used as intermediate in manufacturing Setraline Hydrochloride which is an antidepressant and is used to treat Depression, Obsessive – compulsive disorder, Panic disorder, Anxiety disorders, post – traumatic stress disorder (PTSD & Premenstrual dysphoric disorder (PMDD). Hence, the SEAC considered the existing project as a Bulk drug Intermediate manufacturing unit.

After detailed discussions, the SEAC decided to recommend the project for issue of EC.

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 18.03.2017.

Agenda Item: 51	M/s. NCC & NCC Urban Infrastructure Ltd. Sy. No. 126 (P) & 137 (P), Bachpally (V), Quthbullapur (M), Ranga Reddy District. – Environmental Clearance - Reg.
------------------------	--

Earlier, the SEIAA in its meeting held on 23.02.2017 decided to refer the proposal to the MoEF &CC, as the builtup area is more than 3,00,000 Sq.m.

The SEAC noted the decision of SEIAA.

Agenda Item: 52	M/s. Otira Pharmaceuticals Pvt. Ltd., Sy. No. 637 & 660/E, Bonthapally IDA, Jinnaram (M), Medak Dist. – Environmental Clearance - Reg.
------------------------	---

Earlier, the SEIAA in its meeting held on 23.02.2017 decided to refer back the proposal to the SEAC to ascertain whether the existing product i.e., Acetamide is Bulk Drug / Bulk Drug Intermediate OR basic chemical.

The SEAC noted the decision of SEIAA and also noted the Applications of Acetamide as following:

- Acetamide is used as an intermediate in preparation of various purines and pyrimidines which are primary building blocks of nucleic acids.
- Acetamide is also used in the preparation/manufacture of pre-cursors of nucleic acid i.e., Acetamidine Hcl.
- It is also used in manufacture of Acetazolamide which is a potent carbonic anhydrase inhibitor, which is effective in the control of fluid secretion like Glaucoma, in the treatment of certain convulsive disorders like epilepsy and in the promotion of diuresis in instances of abnormal fluid retention like cardiac edema.
- Acetamide is also used in preparation of N-(2-Hydroxyphenyl) Acetamide is an isomer of Paracetamol.

Hence, the SEAC considered the existing project as a Bulk drug Intermediate manufacturing unit.

After detailed discussions, the SEAC decided to recommend the project for issue of EC.

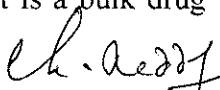

Agenda Item: 53	M/s. Emmennar Pharma Private Limited., Sy. No: 10, IDA, Gaddapotharam, Jinnaram (M), Medak District – Environmental Clearance - Reg.
------------------------	---

The SEAC noted the G.O.Ms. No. 95, dt. 21.09.2007 of the EFS&T Dept., GoAP; G.O.Ms. No. 64, dt. 25.07.2013 of the EFS&T Dept., GoAP; G.O.Ms. No. 120, dt. 22.10.2013 of the I&C Dept., GoAP; G.O.Ms. No. 80, dt. 27.10.2015 of the I&C Dept., GoTS. The project is exempted from the process of Public Hearing as the industry is located in a Notified Industrial Area existing since 1990's, as per OM dt. 10.12.2014 of the MoEF&CC, GoI.

The SEAC noted that the MoEF&CC, GoI, New Delhi issued TORs vide lr. dt. 09.05.2014 to the above project for preparation of EIA Report, due to non-existence of SEIAA/SEAC, Telangana. Subsequently, the MoEF&CC, GoI, vide lr. dt. 10.12.2015 transferred the file to the SEIAA/SEAC, Telangana for further necessary action. Accordingly, the proponent vide lr. dt. 23.11.2015 submitted the EIA Report.

Earlier, the SEAC in its meeting held on 10.01.2017 constituted a Sub-committee to inspect the site and submitted the report on various issues.

The Sub-Committee constituted by the SEAC inspected the site on 31.01.2017 and submitted the report. The Sub-Committee reported that the distance of the industry from the nearest boundary of Patancheru-Bollaram Industrial Areas is 5.15 km. The industry is proposing to expand their production from 3.0 TPM to 496.8 TPM. The total land area of the plant is 8.5 Acres with a Green belt of 3.0 Acres. It was reported that the proponent is not manufacturing the existing products but, doing Job work. The unit was established much before 1994 EIA Notification. Under 1994 EIA Notification, EC requirement was not there and hence EC was not taken. The unit is a bulk drug manufacturing unit located in notified IDA.

CHAIRMAN, SEAC

It is proposed to establish ZLD system as per the GO MS NO. 64. Hence, the proposal is in line with GO MS No. 64 of Government of Telangana.

The Sub-Committee recommended the project for EC after submission of a letter of undertaking from the management with regard to

- (i) Ensuring setting up of ZLD facility
- (ii) Stating due compliance of G.O.64

The SEAC noted that the proponent vide Lr.dt. 17.03.2017 submitted undertaking that they will setup "Zero Liquid Discharge" (ZLD) facility in their premises duly following CPCB/SPCB standards; and as per GO No.64, lifting of ban is for the existing Bulk Drug and Bulk Drug Intermediate manufacturing units with Zero Liquid Discharge facility. So they will comply with the requirements stated in GO No. 64.

The report of the Sub-Committee and Letter of undertaking dt17.03.2017 submitted by the proponent were examined in detail by the SEAC. After detailed discussions, the project is recommended for issue of EC.

Agenda Item: 54	M/s. TSIIC Ltd., Electronic Hardware SEZ, Maheswaram (V&M), Ranga Reddy District – Environmental Clearance –Reg.
------------------------	---

Earlier, the SEAC in its meeting held on 30.12.2016 the SEAC constituted a Sub-committee to inspect the site on 02.02.2017 and submitted the report on impacts of the project on Kothwal Cheruvu, water bodies and surrounding environment, etc.,

The Sub-Committee constituted by the SEAC inspected the site on 02.02.2017 and submitted the report. The Sub-Committee made the following observations:

1. The Kothwal Cheruvu spread area has shown as 33.5 ac, but it as per visual estimation it is beyond and during rainy season it would be affecting the plots shown in survey 306.
2. The plots from S.No. 6 to 8 would get submerged if all the streams are allowed for free flow. The free flows should be encouraged.
3. The above plots along with other utilities in the adjoining areas should be re-drawn.
4. The plots from S.No. 9 to 17 should be reduced in the northern portions and re-drawn decreasing their area.
5. Proper drainage of the all the streams should be directed to the cheruvu/tank.

The Sub-Committee recommended the proposed project subject to fulfilling the mandatory compliances and terms and conditions in force by the Proponent, besides the above modifications:

1. Separate lines power and water should be constructed for the complex with appropriate dimensions to accommodate the floating population and ensure free flow of air, waste water and solid waste etc.
2. Greenery area should be demarcated covering 10% of the total plot area clearly.

After detailed discussions, the SEAC decided to inform the proponent to revise the Layout as suggested by the Sub-Committee and to submit an Undertaking that they will design the layout and allot the plots in such a way that they will not obstruct the existing natural drainage pattern flowing into Kothwal Cheruvu; they will not discharge any waste water/solid waste into Kothwal Cheruvu.

Agenda Item: 55	M/s. Nakoda Chemicals Ltd., Plot No: 64/A, IDA, Jeedimetla, Ranga Reddy District – Environmental Clearance - Reg.
------------------------	--

Earlier, the SEAC in its meeting held on 10.01.2017 issued TORs for preparation of EIA Report and constituted a Sub-committee to inspect the site and submit the report on various issues.

CHAIRMAN, SEAC

Minutes of the SEAC Meeting held on 18.03.2017.

Accordingly, the Sub-committee to inspect the site and submitted the report. But, the proponent has not yet submitted the EIA report. Hence, SEAC decided to defer the project for consideration of the Sub-Committee report along with EIA Report.

Agenda Item: 56	6.30 Ha. Quartz Mine of M/s. Sibelco India Minerals Pvt. Ltd., Sy. No. 171, Gundmal (V), Kosagi (M), Mahaboobnagar District – Environmental Clearance - Reg.
------------------------	---

Earlier, the SEAC in its meeting held on 30.12.2016 constituted a Sub-Committee to inspect the site, verify records to ascertain repetition of violation, if any, duly taking the time period from the date of undertaking given by the project proponent at the time of violation to the current date and submit report on status of violation, with appropriate evidence, along with impacts on nearest habitation, water body and Reserve Forest & other relevant issues, etc.

The Sub-Committee constituted by the SEAC inspected the site on 12.02.2017 and the submitted the report. It was reported that Mining activity is not being carried in the mine leas area. Nearest residential area is more than 500 mtrs. away from the proposed mining area. No water body is existing within 500 mtrs of the lease boundary. Hence, the Sub-Committee recommended to issue EC.

The SEAC noted that meanwhile, the MoEF&CC, GoI, vide S.O. 805(E) dt. 14.03.2017 issued Notification w.r.t. Process for appraisal of TOR/EC projects under violation of EIA Notification, 2006. As per the provisions laid under the said notification, all EC applications of projects involving violation for grant of EC has to be processed only by the Expert Appraisal Committee and environmental clearance will be granted at the Central level.

In this connection, the SEAC observed that the EC application of the proposed project was received prior to issue of S.O. 805(E) dt. 14.03.2017 by the MoEF&CC, GoI. Hence, keeping in view of the Sub-Committee report, above Notification issued by the MoEF&CC, GoI and present status of EC application, the SEAC decided to recommend the project for issue of EC.

CHAIRMAN, SEAC
